

ADG ENVIRONMENTAL & SUSTAINABILITY POLICY STATEMENT

ADG Consultancy Ltd was set up in 1985 and based in Plymouth, has grown to be one of the largest architectural practices in the South West working both locally and nationally.

ADG are a practice that provides a holistic service to our clients, offering a range of complementary design and expert planning services including masterplanning and urban design, project management, conservation, interior and graphic design in addition to our core architectural services.

ADG recognises that its activities have an impact on the environment. In all our activities, working practices and business relationships, we are committed to protecting, conserving and enhancing all aspects of the environment over which we have control or can influence.

We shall ensure compliance with all relevant environmental legislation and regulations and take action to continually improve our environmental performance and prevent pollution across all our activities, products and services.

In particular we shall:

- Take environmental considerations into account when selecting our suppliers.
- Use resources wisely by reducing resource use and reusing or recycling materials wherever possible.
- Improve the efficiency of energy use in our buildings and processes
- Minimise water use in our buildings and processes

- Prevent or minimise the risk of pollution arising from our operations
- Promote sustainable design solutions that improve on statutory standards

We will ensure this policy is implemented throughout our operations by:

- Ensuring all our employees understand the environmental impacts of their own jobs.
- Informing contracted consultants of the requirement to comply with this policy when providing goods and services.
- Periodically reviewing the environmental issues at the highest level within the organisation.
- Reviewing this policy and its effectiveness on an annual basis.

This Policy is available to the public. For further information please contact :
